Safety reminders | Warehousing

- Only certified operators may use forklifts and powered equipment.
- Lift with your legs and ask for help with heavy or awkward loads.
- Keep aisles, docks and exits clear at all times.
- Wear high-visibility vests and required protective equipment.
- Report damaged racking, pallets or equipment right away.

Questions? Call Key HR at 800.922.4133

This notice does not replace the official workers' compensation poster required by your state. Post both where employees can easily see them.
